

Pre-Release

ESSENZA COLLECTION

SIERRA

Essenza Collection

The art of the essential transformed into authentic design.

The Essenza Collection is the perfect expression of essential elegance, where minimalism meets sophistication in pieces distinguished by the harmony between form, material, and function.

Each piece was designed to create sensory experiences through noble materials and impeccable finishes. The 0.6 in UltraClear glass tops provide visual lightness and crystalline transparency, subtly enhancing the constructive details and highlighting the aesthetics of the environment. The Globulus wood bases, with their sculptural robustness and striking textures, offer a sophisticated contrast that expresses solidity, balance, and naturalness.
